This pre bid meeting was convened to discuss regarding “Repairs to Tank No. 46 at Kolonnawa Installation” and five prospective bidders were participated and attendance are attached hereto. Out of five companies the bidding documents were collected by only two companies.

Actg. DGM (E & SS) explained regarding the scope of work in the Bidding Document and the general issues of the contract work. It was suggested to have a site visit after pre bid meeting.

Following questions were raised by the bidders and the answers given by CPSTL for them are as follows.

	Question	Answer
1.	Need clarifications regarding the previous experience included in Item No. 4.3 in the bidding document	Clause 4.3 in IFB was explained.
2.	What are the required qualifications for workforce?	Under the clause 4.2(e) of bidding data, required qualifications and experience has been explained and welders are need to be qualified as per 6.3.5 of specifications.

In addition to above Actg. DGM (E & SS) and ME requested to concern on signing the Form of Bid, amount and validity of Bid Security and submission of all required details.
